

Digital Label

Digital adhesive labels are used to brand products that cannot be branded with any other method. They are printed with a digital printing press and applied to the product.

BEST FOR

Products that cannot be branded by other methods, complex or small-surface items needing a full-colour adhesive label

COLOURS

Full colour CMYK - metallic and neon/fluorescent colours are not available

LEAD TIME

Dries instantly, so products can be shipped immediately

ARTWORK NEEDED

Vector or bitmap at 300DPI at actual print size. Add a 3mm bleed if artwork bleeds off the product. Fonts should be converted to outlines/objects.

AVAILABLE FOR

Promotional Items Packaging Gift Packs Personal Products

ADVANTAGES

- Ideal for producing vivid full colour images as well as closely matched spot colour branding
- Can print variable data including individual names
- Only one set up charge is required regardless of the number of print colours
- Edge-to-edge branding can be achieved
- Can be cut to custom shapes

LIMITATIONS

- Metallic and neon/fluorescent colours are not available
- White print cannot be produced on clear, silver or gold stock
