

Digital Packaging Print

A single-pass CMYK digital print onto a range of packaging materials, producing full-colour, complex images with gradients.

BEST FOR

Boxes, mailers, retail cartons and packaging needing photographic or gradient artwork

LEAD TIME

Dries instantly, so products can be shipped immediately

COLOURS

Full CMYK digital print. Metallic, neon and closely matched PMS/RGB colours cannot be produced.

ARTWORK NEEDED

Vector or bitmap at 300DPI at actual print size. Fonts should be converted to outlines/objects.

AVAILABLE FOR

Packaging / Gift Packs

ADVANTAGES

- Ideal for producing full colour, complex images with gradients
- Variable data, including names, is available on select products
- Only one setup charge is required regardless of the number of print colours
- Dries instantly, so products can be shipped immediately
- Uses dye so there is no ink build-up

LIMITATIONS

- Some colours, including closely matched PMS, RGB, metallic and neon colours, cannot be produced
- Cannot print on dark coloured substrates as white ink cannot be printed underneath the artwork
- Edge-to-edge branding and large block colours cannot be achieved
