

Embroidery

An excellent way of branding bags, apparel, and other textile products. It offers higher perceived value and a depth of branding quality which other processes cannot match. Embroidery uses rayon thread which is stitched into the product and has a slightly raised effect.

**BEST FOR**

Caps, beanies, polos, jackets, backpacks, bags and other textile products

COLOURS

Up to 12 thread colours with approximate PMS matching. Metallic embroidery colours have special pricing.

LEAD TIME

10-12 working days (plus one-off digitising)

ARTWORK NEEDED

Editable vector artwork required. Fonts should be converted to outlines/objects. Avoid fine detail - minimum text heights are 4.5mm for Sans Serif fonts and 5.5mm for Serif fonts.

AVAILABLE FOR

Apparel / Headwear / Bags & Totes / Outdoor & Leisure

ADVANTAGES

- Higher perceived value and depth of branding quality
- Only one setup charge applies per position for up to 12 thread colours

LIMITATIONS

- Only approximate PMS colour matches are possible - threads are chosen from available colours to give the closest possible match
- Unable to print variable data such as individual naming
- Metallic embroidery colours have special pricing
