

Debossing

Commonly referred to as 'Blind' debossing, a heated custom metal plate is pressed firmly onto the product leaving an impression of the artwork.

BEST FOR

PU and leather notebooks, cases, tags, journals

COLOURS

Blind (no colour) or a two-tone finish on certain products

LEAD TIME

Can be shipped straight after heat pressing is finished

ARTWORK NEEDED

Vector artwork with a minimum line thickness of 0.4mm. Fine detail may fill in under pressure.

AVAILABLE FOR

Business Items / Bags & Totes / Personal Products / Packaging / Gift Packs

ADVANTAGES

- Higher perceived value than other forms of branding
- The branding becomes part of the product and is permanent
- The product can be shipped as soon as heat pressing is finished
- Certain products can produce a two-tone finish

LIMITATIONS

- Can be very subtle and harder to see, especially on textured materials
- Unable to print variable data such as individual naming
- Minimum line thickness: 0.4mm
